

ISCOM2019

13th International Symposium on Crystalline Organic Metals, Superconductors and Magnets

September 22 – 27, 2019
Hotel dos Templários, Tomar, Portugal

2nd Announcement

The 13th International Symposium on Crystalline Organic Metals, Superconductors and Magnets (ISCOM2019) will take place in Tomar, Portugal, from September 22 (Sunday) to September 27 (Friday), 2019. The ISCOM is a long-running conference series in the field of conducting, magnetic, and dielectric molecular crystalline materials established after two Gordon Research Conferences in Organic Superconductors at Irsee (Germany, 1991) and Il Cioco (Italy, 1993). The ISCOM series started in Mittleberg (Austria, 1995), followed by Sesimbra (Portugal, 1997), Oxford (United Kingdom, 1999), Rusutu (Japan, 2001), Port-Bourgenay (France, 2003), Key West (United States, 2005), Peniscola (Spain, 2007), Niseko (Japan, 2009), Poznań-Gniezno (Poland, 2011), Montreal (Canada, 2013), Bad Gögging (Germany, 2015) and Zao (Japan 2017).

This symposium will be a forum of comprehensive and interdisciplinary discussion on the latest developments and future prospects of research in chemistry, physics, and engineering of crystalline molecular materials. The venue for the symposium is *Hotel dos Templários*, located in Tomar, a small historical town in the central region of Portugal, known also by its Templar Castle and Convent of the Knights of Christ, recognized as World Heritage by UNESCO in 1983. The rich historical background of Tomar and the excellent facilities of the Hotel dos Templários provide a unique environment for open and fruitful scientific discussions. We are looking forward to seeing you in Tomar for ISCOM2019.

Scope

All aspects of chemistry, physics, and engineering of crystalline molecule based materials, including the following topics:

- New Molecules and Materials
- Superconductivity
- Dirac Electron Systems
- π -d Systems
- Single-Component Molecular Conductors
- Multiferroics
- Spintronics
- Multifunctional Materials
- Physics of Low Dimensional Metals
- Electron Correlation
- Dielectric Properties
- Non-Equilibrium Phenomena
- Thin Films and Devices
- Photo-Induced Phenomena
- Theory, Modeling, and Computation

Plenary Lecturers

Claude BOURBONNAIS,
Université de Sherbrooke,
Canada

Jean-Paul POUGET
Université de Paris-Sud,
France

Reizo Kato
RIKEN,
Japan

Invited Speakers

Narcis Avarvari	Université d'Angers, France
Kunio Awaga	Nagoya University, Japan
Eugenio Coronado	Universidad de València, Spain
Martin Dressel	Universität Stuttgart, Germany
Natalia Drichko	Johns Hopkins University, USA
Marc Fourmigué	Université de Rennes 1, France
Mark-Oliver Goerbing	Université de Paris-Sud, France
Luis Hueso	CIC nanoGUNE, Spain
Denis Jerome	Université de Paris Sud, France
Kazushi Kanoda	The University of Tokyo, Japan
Michael Lang	Goethe University, Frankfurt, Germany
Sumit Mazumdar	University of Arizona, USA
Hatsumi Mori	The University of Tokyo, Japan
Janice Musfeldt	University of Tennessee, USA
Toshio Naito	Ehime University, Japan
Ben Powell	University Queensland, Australia
Francis Pratt	STFC Rutherford Appleton Lab., UK
Kathryn Preuss	University of Guelph, Canada
Concepció Rovira	ICMAB-CSIC, Spain
Shinya Uji	NIMS, Japan
Jaume Veciana	ICMAB(CSIC)/CIBER-BBN, Spain
Hiroshi Yamamoto	Institute of Molecular Science, Japan
Masahiro Yamashita	Tohoku University, Japan
Shingo Yonezawa	Kyoto University, Japan

Important Dates

- April 22, 2019
- July 1, 2019
- August 15, 2019

Deadline for abstract submission
Deadline for early-bird registration and room reservation
Deadline for registration and room reservation

Call for Abstracts

Abstracts submission online will open during February, at the conference website :

www.ctn.tecnico.ulisboa.pt/ISCOM-2019/

Registration

Participants of ISCOM2019 are invited to register online at the conference website for the symposium and room reservation at *Hotel dos Templários*, Tomar (Portugal). Registration fee does NOT include the accommodation fee that is paid separately.

Registration Fee (€)	until Jul. 1, 2019	until Aug. 15, 2019	On site
Full Registration	575	650	700
Students	340	400	450
Accompanying Person	310		

Registration includes: Shuttle bus from/to Lisbon airport and *Hotel dos Templários* on 22 Sept. and 27 Sept., all meals in *Hotel dos Templários* and admission to the banquet and excursion.

Accommodation

Prices of accommodation in *Hotel dos Templários*.

Category	Until June 1 st	After June 1 st
Single room	68€ / night	78€ / night
Double room	44€/person/night	49€/person/night

Venue

HOTEL DOS TEMPLARIOS
Largo Candido dos Reis, 1
2300-326 Tomar - Portugal
