

Scientific Visitors

Visitor	Affiliation	Objective
R. JAYASEKERA 10 months	Department of Botany, University of Kelaniya, Sri Lanka	Preparation and analysis of Sri Lanka spices and Sri Lanka rices by INAA and EDXRF
EVA SOUSA 6 months	Departamento de Ciências Agrárias, Azores Univ., Portugal	Biomonitoring of S. Jorge island through lichens using INAA
ANA AMARAL 6 months	Departamento de Ciências Agrárias, Azores Univ., Portugal	Biomonitoring of S. Miguel island through lichens using INAA
C. RODRIGUES 6 months	Departamento de Ciências Agrárias, Azores Univ., Portugal	Biomonitoring of Pico island through lichens using INAA
ELISA FERREIRA 2 months	Medicina Veterinária, Trás-os- Montes Univ., Portugal	Studies of honeys from Azores islands and Trás-os-Montes using INAA
C. ZALDO 1 week	Instituto de Ciencia de Materiales de Madrid – Cantoblanco, Spain	Bilateral cooperation GRICES/CSIC
M.OSVAY, A.KOVACS 2 × 1 week	Inst. Radioisotope and Surface Chemistry - Budapest	Bilateral cooperation ICCTI/OMFB
J.L.F. BASTOS 1 week	IAEA	Expert mission on thermohydraulics (POR 4014)
C. P. IZARRA, 1 week	Universidade Autonoma de Madrid, Spain	Collaboration for stopping power determination
JORGE FERREIRA (1 day)	IGM, Instituto Geológico e Mineiro, Porto, Portugal	Microprobe analysis of geological samples.
MARIA ONDINA FIGUEIREDO (1 day)	Centro de Cristalografia e Mineralogia do Instituto de Investigação Científica e Tropical, Lisboa, Portugal	Microprobe analysis of geological samples.
JORGE FIGUEIRAS, MÁRIO ABEL (4×1 day)	Dept. de Geologia da Faculdade de Ciências da Universidade de Lisboa, Portugal.	Microprobe analysis of geological samples.
JOSÉ MIRÃO (2×1 day)	Dept. de Geologia da Universidade de Évora, Portugal.	Microprobe analysis of geological samples.

SCIENTIFIC VISITORS

MIGUEL BARROSO (3×1 day)	Dept. de Geologia da Faculdade de Ciências da Universidade de Lisboa, Portugal.	Microprobe analysis of geological samples.
Adrian Kozanecki (4×1 day)	Instituto de Física da Academia de Ciências da Polónia.	RBS-C measurements of rare earth doped semiconductors.
MÁRCIA VILARIGUES (10 days)	Dep. Conservação e Restauro, FCT-UNL, Lisboa, Portugal	RBS, ERD and microprobe analysis of K- rich model glasses for glass corrosion studies. (Ph.D. project work)
STEFAN SCHAEFER (1 day)	Dep. Conservação e Restauro, FCT-UNL, Lisboa, Portugal	Microprobe analysis of pictoric samples from a XVI century Rubens painting
CARL MCHARGUE		
M. DOLORES YNSA 1 month	Universided Seville/Centro Nacional de Aceleradores - Seville	Invited Scientist – STIM experiments: Improvement of methodology for skin layers identification
M. DOLORES YNSA 2 x 1 week	Centro Nacional de Aceleradores - Seville	Bilateral cooperation GRICES/CSIC
L. NEMES 1 week	Chemical Research Center /HAS - Budapest	Bilateral cooperation ICCTI/OMFB
J. STANCO 1 week	Inst. of Fluid-Flow Machinery - Gdansk	Polish-Portuguese Cultural Agreement
S. STEYSKAL 3 days	IAEA Department of Technical Co- operation	IAEA - Project POR/8/010 “Implementation of Wastewater Treatment Using Radiation”
A. ZYBALL 5 days	IAEA expert	Participation in the upgrading and modernization of UTR
NICOLAI SOBOLEV, JOAQUIM LEITÃO 2 x 1 day	Departamento de Física da Universidade de Aveiro	Reuniões no âmbito da colaboração bilateral no projecto GESICA.
ANIBAL PORTINHA	Departamento de Física da Universidade do Minho	Collaboration in the field of hard coatings
IGOR YAVAROVSKIY	Moscow State Institute of Steel and Alloys, Russian Federation	Collaboration in the study on GaAs materials

SCIENTIFIC VISITORS

1 month

MAKSIM Warwick University, Warwick, UK Collaboration in the study on Si-Ge materials

2 days

I. M. M. SALVADO Dep. Glass and Ceramic Eng. - Aveiro University, Aveiro. Collaboration in the study of hybrid materials

7 × 1 day

MICHEL ANTONIADES Laboratoire Léon-Brillouin, CEA/CNRS, Saclay, France Collaboration to solve technical problems of the acquisition electronics of the two-axis diffractometer DIDE.

J. CASTAIGN Louvre Museum, Paris, France Bilateral cooperation - ICCTI Portugal/France Embassy - Project 521 A0

1 week

A. ZINK Louvre Museum, Paris, France Bilateral cooperation - ICCTI Portugal/France Embassy - Project 521 A0

1 week

P. DAY Sheffield University, United Kingdom Bilateral cooperation within the frame-work of European actions on archaeometry applied to pre-historical ceramics

1 week

Meetings regarding PhD thesis co-orientation

F. ROCHA Dep. Geociências, Univ. Aveiro, Portugal ITN-IPA projects

3 x 2 days

ERA / EDIA contracts

Meetings regarding PhD thesis co-orientation

M. EPPLE, 3 days Ruhr-University of Bochum, Germany Thermochemical measurements under DAAD/GRICES bilateral cooperation.

JOHN K. GIBSON, 2 weeks Chemical Sciences Division, Oak Ridge National Laboratory, Oak Ridge, Tennessee, USA Collaborative work in Gas-Phase Actinide Ion Chemistry

J.M. JOUANNEAU Dép. Géologie et Océanographie, U. Bordeaux I, Bordeaux Collaboration in environmental and marine geochemistry studies (ICCTI/IFREMER)

1 week

R. JAYASEKERA Department of Botany, University of Kelaniya, Sri Lanka Trace elements in spices. Sabbatical leave (IAEA)

10 months
